

Notice of temporary road closure, Claydon Road, near Lower Boddington

November 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. We continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19.. All sites will remain under constant review. You can sign up for regular updates in your local area at www.hs2innorthants.co.uk.

What are we doing?

We are working closely with our enabling works contractor, Fusion, who are continuing their programme of ecology and bat mitigation near Boddington and Wormleighton in November. In addition to this ecology work, we will be constructing our road crossing area on Claydon Road.

Where our internal access road and haul road cross Claydon Road, we have created a strengthened surface using concrete to ensure that we protect the road and any utilities underneath. We now need to continue to build the crossing area, including additional reinforcement work in the centre of the highway and some vegetation removal in preparation for our site access road.

As the work will require large plant and machinery, we are required to fully close these sections of road, 24 hours per day, until they are complete. This is for the safety of road users and our staff.

When will these works take place?

Claydon Road will be fully closed, 24 hours a day, from Monday 22 November to Friday 26 November, with a diversion in place. We will work to open the roads to reduce disruption as soon as possible.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk
